Michael J. Dodd named President of US Ink

September 27, 2007 -- Sun Chemical named Michael J. Dodd president of US Ink. Mr. Dodd joined Sun Chemical in 2004 as vice president, national accounts for US Ink. Mr. Dodd has more than 30 years of industry and management experience. Beginning in the paint business, Mr. Dodd's entry into the ink industry started with the Flint Ink Corporation in 1981 with assignments of increasing responsibility. His positions included branch manager, regional manager and vice president. Although most of Mr. Dodd's career has been in the news ink industry, he has had significant involvement with other facets of the ink business including web heatset and sheetfed product lines.

He has served on several industry boards. Currently he serves on the board of the International Newspaper Group (ING) and is vice chairman of the Web Offset Association (WOA) Supplier Advisory Board.

Mr Dodd holds a degree in business administration. He is an avid skier and mariner.

About US Ink

As the industry's only 100% news ink company, US Ink is dedicated to serving the newspaper and commercial non-heat printing markets. The company's national operations are structured into five regions, with 12 manufacturing facilities providing close, responsive support to the nation's newspapers. With ongoing advanced research and development, US Ink, a division of Sun Chemical Corporation, leads in the introduction of quality, innovative, high-performance products for the newspaper and commercial printing industries. More information about US Ink's products, services and extensive customer quality and productivity support programs are available on the company's website: <http://www.usink.com>.

About Sun Chemical

Sun Chemical, the world's largest producer of printing inks and pigments, is a leading provider of materials to packaging, publication, coatings, plastics, cosmetics, and other industrial markets.
