of US Ink's Booth # 8029

PLEASE VISIT US INK'S BOOTH # 8029

We hope to see you at

nexpo®chicago

April 1-4, 2006 | McCormick Place

This year, NEXPO explores **changes** facing our industry with :

- Examples of innovations and new products in the Exhibit Hall covering pre-press, press and post-press
- US Ink will be discussing several of these important changes from newspaper experiences with the SNAP program to the latest in UV Ink technology (with printed samples).

About US Ink

US Ink is a leading manufacturer of printing inks for the newspaper and commercial industries. Its RealColor products and services deliver unique solutions to newspapers with technologies and consulting expertise aimed at helping them achieve **consistent** print quality for their most demanding advertisers and readers.

Technical reports and the Press Doctor 2006 CD will be available at the US Ink booth. Please visit booth **8029**. We have attached the show floor plan to make it easy for you to locate our booth
